

MAXIMUM IMPACT LIGHTING RETROFITS

MODERN LIGHTING TECHNOLOGIES

TEN enables customers to implement projects that deliver dramatic cost savings, short-term and long-term.

- Lighting projects payback as quick as three years
- Installed cost starting at \$2 per sq ft
- 50 to 70% energy reduction
- Maximum utility rebates and tax incentives

LED lighting conversions deliver immediate large-scale cost savings. Financing is available to fund these projects with no out-of-pocket costs.

TEN experts design and install projects in weeks. Customers start realizing savings *immediately*.

- + Professional survey, project design, and project installation
- + Reputable products with strong warranties
- + Financing (if required), eliminating the need for up-front capital

SATISFIED CLIENTS:

- Sarris Candies
- American Beverage
- Highmark Healthcare
- Dickinson College
- Washington Hospital
- Kaiser Permanente
